Yes, thats a very long list. ^^

Violette = I has made many experience with it (thus).

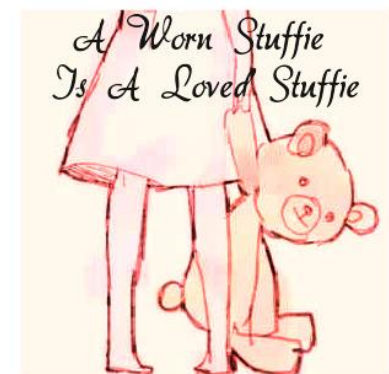

Blue = I has made occasionally experience with it (thus).

Green = I has made a little bit experience with it (thus), but more then one.

Orange = I has ... read about it, have see it by others (real or video) or i have a taste it by myself.

Red = No experience with it (thus). Many things say me nothing or if they were very hard to have to learn to experience.

Yellow = I really like to make a experience with it (thus) or if it wants to experience uncaused sometimes.

Questions ...

Loading capacity(Power rating)?

Clear, I hold out to me in desperation shouts (screams), cries, begs and everything of it only still goads you to continue.

Abilities of getting through?

But something like that from, a bad look, a loud word, a firm clutch (handle) or a sadistically having an eye Sub and I puts (places) me to something like that from by against my stinker (swine) of the fear of him has which comes now.

Team-oriented?

Certainly, nevertheless, Dom says or orders and I make it, a perfectly well-functioning team.

Communication ability?

I blether with pleasure and a lot and if it becomes too much, there is a toggle, then with it (thus) one can listen very well.

Decisive strength?

It is so strong that I rather allow to decide the others, otherwise, this would last too long and as a Sub one may squeeze before it.

Learning ability?

This is I and for the heavy cases, there presents itself still the punishment tutoring around it to be able to stamp able to notice also really and to be able to stamp.

Creativity?

Yes, of it I have enough, it reaches (suffices) for five lives and if not, I ask my dom.

Flexibility?

Now, one can bend me, break, move and pens so far it just goes. Whether in the cage (animal box), on the bed, on the goat, hanging (pendent) on the cross or tied up before the sofa.

Result-oriented?

Again and again, I have partly my fun (joke) to reach (achieve) the others to the large part her (their) and my dom of course most around the result.

Problem solution competence?

There are no problems, because what does not fit, is made simply suitable and to the need (want) there is the nice word, Forced.

You are sure completely and have also understood clearly that if you select (elect) it gives no more Back for you?

You would transfer all (maybe) still beforehand end to power of decision of your owner?

Submits to the hierarchy of the little life and your owner and keeps to all your rules?

Every offence, ignoring, every stronger counterweir and every disobedience must be punished and becomes?

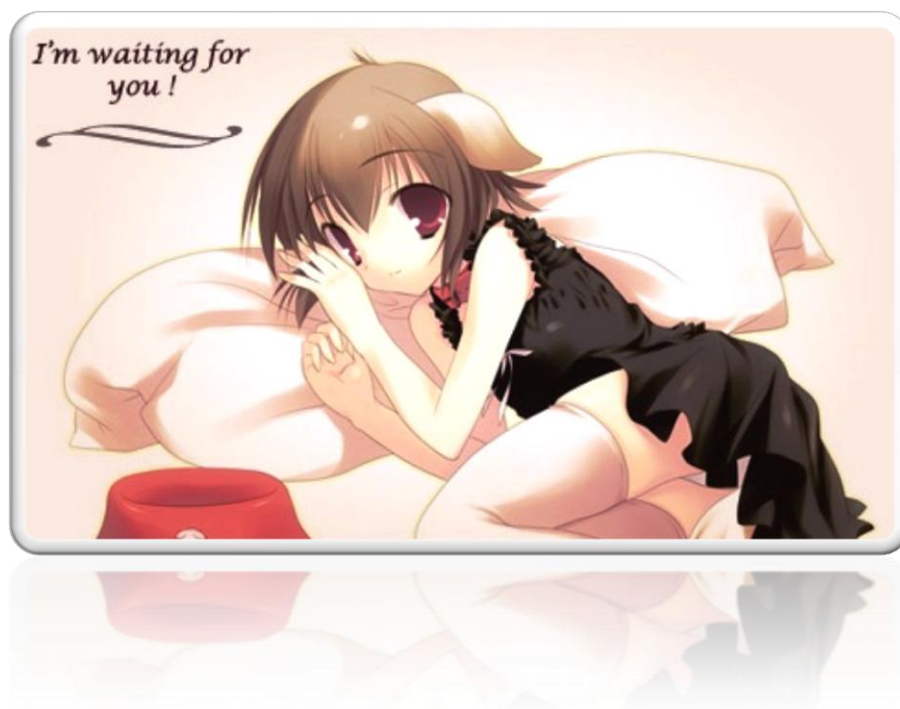

It is your wish, to give a new life with you in all dirty Fassetten to your Dom?

Answer: YES I WILL MY DOM!!!!!!!

Should you have answered with YES, (Good Girl!) because in your vocabulary a NO should not exist, then you have the best chances ...

I will do all (or you can help that i will) what my Dom want, because i am her/his little bad lovely Toy. =)

Jet can you kidnapping me, let my wish come true ^^ or ask me anything you want and i will as good sub answer on it. =)

Your little Jasmin

Little Jasmin is waiting you ...
